8. Uploading Proof of Payment (POP)
9. Tracking EPV Progress
10. Invoices
11. Change Log — Audit Trail
12. Support Ticket System
13. Step-by-Step Workflows
14. Troubleshooting & FAQ

1. Getting Started

1.1 Logging In

1. Open your browser and navigate to the EPVS application URL.
2. Enter your email address and password on the login page.
3. Click "Sign In".
4. You will be redirected to the Company Overview — your home page.

Tip: Your login credentials were provided when you were invited to the system. If you have forgotten your password, contact the system administrator.

1.2 Navigation

As a Company Admin, your navigation is focused on managing your company's data. The pages available to you are:

Menu Item	Description
Company Overview	Your main workspace — company details, EPVs, users, invoices, payments, and change log
Support	View and create support tickets for any issues you encounter

Your name and role badge ("Company Admin") are displayed in the top-right corner alongside the "Sign Out" button.

1.3 How You Got Here

You were invited to the system by an EPVS administrator. They sent an invitation email to your company's email address. When you clicked the registration link and created your account, you were linked to your company's facility record.

Your account is tied to one specific company/facility. Everything you see on the Company Overview relates to that facility.

2. Your Role: What Company Admins Can and Cannot Do

2.1 What You Can Do

- View your company's full details, contact information, and facility data.
- Edit your company's details — business name, email, town, province, contacts, etc.
- View all EPVs (Egg Production Verifications) for your facility.
- Complete EPV forms that have been sent to your company.
- Create manual EPVs for past months that don't have one yet.
- Upload Proof of Payment (POP) documents for completed EPVs.
- Track the progress of each EPV through its lifecycle.
- Invite other company users to the system (Company Admin or User roles).

- Reset passwords for other users at your company.
- Remove users from your company.
- View invoices and download invoice PDFs.
- View the change log (audit trail) for your company.
- Create and view support tickets.

2.2 What You Cannot Do

The following actions are not available to Company Admin users:

- **Access the system Dashboard:** The main Dashboard is for EPVS administrators only.
- **Access the Client Database:** The master client list is managed by EPVS administrators.
- **Access the Inspector Dashboard:** EPV verification is handled by assigned inspectors.
- **Access the Administrator Dashboard:** Financial reconciliation is an administrator function.
- **Approve or reject EPVs:** Only inspectors can verify production figures.
- **Reconcile payments:** Payment reconciliation is handled by EPVS administrators.
- **View other companies:** You can only see your own company's data.
- **Send EPV forms:** EPV forms are sent by EPVS administrators.

Tip: If you need any of these actions, contact the EPVS administrator or submit a support ticket.

2.3 Company Admin vs User

Your company may have both "Company Admin" and "User" accounts. Here's the difference:

Feature	Company Admin	User
View company details	Yes	Yes
Edit company details	Yes	No
Complete EPV forms	Yes	Yes
Create manual EPVs	Yes	Yes
Upload Proof of Payment	Yes	Yes
Invite new users	Yes	No
Reset user passwords	Yes	No
Remove users	Yes	No
View change log	Yes	Yes

3. Company Overview — Your Home Page

The Company Overview is your central hub. It contains everything related to your facility in one place.

3.1 Page Layout

The page is organised into several sections from top to bottom:

1. Company Header

- Your company name, Client ID, Account Code, town, and verification status.

- Quick statistics: Active Users, Pending Invites, Verifications Due, Completed Verifications, Amount Outstanding.

2. Company Details

- Full facility information and contact details with edit capability.

3. Company Users

- User management — view, invite, reset passwords, and remove company users.

4. Egg Production Verifications

- All EPVs for your facility — complete forms, upload POP, and track progress.

5. Invoices

- View and download invoice PDFs.

6. Change Log

- Audit trail of all changes to your company record.

3.2 Company Header Statistics

The header displays five key metrics at a glance:

Metric	Description
Active Users	Number of users currently active on your company account
Pending Invites	Number of user invitations that have been sent but not yet accepted
Verifications Due	Number of EPV forms that have been sent but not yet completed
Completed	Number of EPV forms that have been submitted
Amount Outstanding	Total levy amount still owed across all EPVs (in Rands)

4. Company Details — Viewing & Editing

4.1 Viewing Your Details

The Company Details section displays all your facility information:

Field	Description	Editable
Business Name	Registered name of your company	Yes
Client ID	Unique identifier assigned by EPVS	No (read-only)
Account Code	Account reference code	No (read-only)
Email	Primary contact email for the facility	Yes
Town	Town where the facility is located	Yes
Facility Type	Type of operation (e.g., Producer, Re-Packer)	Yes
Facility Province	South African province	Yes
Company Reg No.	Company registration number	Yes
Physical Address	Full physical address of the facility	Yes

VAT Number	VAT registration number	Yes
------------	-------------------------	-----

4.2 Contact Details

Three contact groups are displayed, each with name, phone, and email:

- **Abattoir Owner:** Owner name, cell phone, and email.
- **Accounts Contact:** Contact name, telephone, and email.
- **Abattoir Manager:** Manager name, cell phone, and email.

Note: These contact email addresses are where EPV form links and invoices are sent. Ensure they are always up to date.

4.3 Editing Your Details

1. Click the "Edit Details" button at the top of the section.
2. All editable fields become input boxes.
3. Make your changes — modified fields are highlighted.
4. Click "Save Changes" to commit, or "Cancel" to discard.
5. A success message confirms the update.

Note: All changes are recorded in the Change Log with your name and timestamp.

5. Managing Company Users

The Users section shows all accounts linked to your company.

5.1 User Table

Each user is shown with their name, email, role (Company Admin or User), and join date.

5.2 Inviting a New User

1. Click the "+ Invite User" button.
2. Enter the person's email address.
3. Select their role:
 - **Company Admin:** Can edit company details, invite users, reset passwords, and manage the facility.
 - **User:** Can view company details, complete EPV forms, and upload Proof of Payment.
4. Click "Send Invite".
5. The person receives an email with a registration link.

Pending invitations are shown below the user table with the email, role, and date sent.

5.3 Resetting a User's Password

1. Find the user in the table.
2. Click the "Reset PW" button.
3. Enter the new password (minimum 6 characters).
4. Click "Reset Password".
5. Share the new credentials with the user securely.

5.4 Removing a User

1. Click the "Remove" button on the user's row.
2. Confirm the removal in the modal.

Note: This permanently deletes the user account. You cannot remove your own account.

6. Egg Production Verifications (EPVs)

The EPV section is the core of the Company Overview. It lists all Egg Production Verifications for your facility.

6.1 EPV Table

Each EPV is displayed as a row with the following information:

Column	Description
Ref #	Unique reference number (e.g., EPV-2026-03-0042)

Period	Month and year the EPV covers (e.g., March 2026)
Status	"Pending" (waiting for you to complete) or "Completed" (submitted)
Completed	Date and time you submitted the form
Facility EPV	"Complete" button (if Pending) or "View" button (if Completed)
Inspector EPV	Shows inspector verification status if applicable
Verified	Whether an inspector has approved the EPV
Amount Outstanding	Calculated levy amount owed (Egg Levy + Pulp Levy) in Rands
Payment Status	"Paid" or "Not Paid" — auto-set when POP is uploaded
Proof of Payment	Upload button or view link if POP has been uploaded
Amount Reconciled	Amount confirmed as received by the administrator
Reconciled	Whether payment has been fully reconciled

6.2 EPV Statuses Explained

- **Pending:** The EPV form has been sent to you but not yet completed. Click "Complete" to fill it out.
- **Completed:** You have submitted the form. It is now awaiting inspector verification.

6.3 Creating a Manual EPV

If you need to submit an EPV for a past month that doesn't have one:

1. Click the "+ Add" button above the EPV table.
2. Select the Month and Year from the dropdowns.
3. Click "Create".
4. The system creates a new Pending EPV and redirects you to the form.

Note: You cannot create EPVs for future months or for months that already have an EPV.

7. Completing the EPV Form

When you click "Complete" on a Pending EPV, you are taken to a 4-step form. All figures should be in dozens unless stated otherwise.

7.1 Step 1 — Business & Contact Details

Review and confirm your facility information:

- Facility Name (required)
- Facility Type — Producer or Re-Packer (required)
- Facility Province — select from 9 SA provinces (required)
- Trading Name (optional)
- Owner/Manager/Authorised Person Name (required)
- Position in Company (required)
- Telephone Number (required)
- Cell Phone Number (required)

- Email Address (required)

Click "Next" once all required fields are filled. The system validates before proceeding.

7.2 Step 2 — Calculation of Statutory Levy (Eggs)

Enter your egg production figures for the month. The form calculates totals automatically:

A. Opening Stock

- Pre-filled from the previous month's closing stock. Verify it is correct.

B. Purchases

- Graded Eggs Purchased (dozens)
- Ungraded Eggs Purchased (dozens)

C. Deductions

- Market Returns
- Machine Loss
- Sent to Pulp
- Destroyed

D. Sales (Levy Calculated Here)

- Sold to Trade
- Sold to Staff
- Sold Through Farm Stall

The system calculates: **Egg Levy = Total Sales x 1.8% (0.018)**

E. Transfers

- Transferred to Other Producers

F. Closing Stock

- Theoretical Closing Stock is auto-calculated: $A + B - C - D - E$
- Enter your Actual Closing Stock (counted physical stock).
- (Loss)/Gain = Actual - Theoretical. If there is a difference, provide an explanation.

7.3 Step 3 — Calculation of Statutory Levy (Pulp)

Enter your pulp production figures. Pulp values are in kilograms; the system converts to dozens (x 1.7):

- Pulp Opening Stock (kg)

- Pulp Purchased (kg)
- Eggs Converted to Pulp (kg)
- Pulp Sold to Trade (kg)
- Pulp Sold to Other Producers (kg)

The system calculates: **Pulp Levy = Pulp Sold to Trade (kg) x 1.7 x 1.8% (0.018)**

7.4 Step 4 — Review & Submit

A summary page displays all your entered data:

- Business details recap.
- Full egg production calculation table.
- Full pulp calculation table.
- Total owed: Egg Levy + Pulp Levy.

1. Review all figures carefully.
2. If anything needs correction, click "Back" to return to the relevant step.
3. When satisfied, click "Submit Verification".
4. A success page confirms your submission with the total amount owed.

Note: Once submitted, the EPV cannot be edited. If corrections are needed after submission, contact the administrator via a support ticket.

7.5 After Submission

- The EPV Status changes from "Pending" to "Completed".
- The EPV is now queued for inspector verification.
- An inspector will review your figures and either approve or reject the EPV.
- You can track the progress from the EPV table on your Company Overview.

8. Uploading Proof of Payment (POP)

After completing an EPV and paying the levy amount, you must upload Proof of Payment to confirm your payment.

8.1 When to Upload

Upload POP after you have made the levy payment to EPVS. The POP confirms your payment and updates your Payment Status to "Paid".

8.2 How to Upload

1. Find the completed EPV in the EPV table on your Company Overview.
2. Look for the "Proof of Payment" column.

3. Click the upload button (file icon).
4. Select your POP file from your computer.
5. The file uploads and is stored on the server.
6. Payment Status automatically changes to "Paid".

8.3 File Requirements

Requirement	Details
File Types	PDF, PNG, or JPG
Maximum Size	10 MB
Content	Bank statement, EFT confirmation, or payment receipt showing the levy amount paid

8.4 After Upload

- The Payment Status automatically changes to "Paid" (green badge).
- The upload date is recorded.
- The administrator can view your POP file.
- The administrator will reconcile the payment against the billed amount.

Tip: Upload your POP as soon as possible after payment to avoid follow-ups from inspectors about outstanding amounts.

8.5 If You Uploaded the Wrong File

If you uploaded the wrong file, contact the EPVS administrator via a support ticket. They can delete the incorrect POP, which will reset your Payment Status to "Not Paid", allowing you to upload the correct file.

9. Tracking EPV Progress

Each EPV goes through a defined lifecycle. You can track the progress by expanding any EPV row in the table.

9.1 The 7-Step Lifecycle

Click on any EPV row to expand it and see the progress tracker:

Step	Stage	Description	Your Action
1	EPV Sent	The EPVS administrator sent the EPV form to your facility	None — wait for it
2	Facility Completes EPV	You fill out and submit the 4-step form	Complete the form
3	Inspector Verification	An inspector reviews and approves or rejects your figures	None — wait for result
4	Inspector Completes EPV	If rejected, the inspector submits corrected figures	None — informational
5	Invoice Sent	An invoice is generated and sent to your email	Review invoice
6	POP Uploaded	You upload Proof of Payment after making the levy payment	Upload POP
7	Payment Reconciled	The administrator confirms receipt of your payment	None — process complete

9.2 Understanding the Status Indicators

- **Completed (green):** This step has been finished.
- **Active/In Progress (orange):** This step is currently in progress or waiting for action.
- **Pending (grey):** This step has not been reached yet.

9.3 What If My EPV Is Rejected?

If an inspector rejects your EPV, it means they believe the production figures are incorrect. When this happens:

- Step 3 shows "Rejected" status.
- The inspector submits their own version with corrected figures (Step 4).
- The inspector's figures are used for levy calculation.
- Your original submission remains on file for reference.

***Tip:** If you disagree with a rejection, submit a support ticket explaining why you believe your figures are correct.*

10. Invoices

The Invoices section shows all invoices generated for your facility.

10.1 Invoice Table

Each invoice displays:

- EPV Reference # — the EPV the invoice relates to.
- Period — month and year.
- Invoice Number — clickable to download the PDF.
- Amount Owed — the levy amount in Rands.
- Invoice Status — "Sent", "Ready to Send", or "Awaiting Verification".
- Generated date/time and who generated it.
- Sent date/time and who sent it.

10.2 Downloading an Invoice

Click the invoice number link to download the PDF. Use this for your records and to confirm the levy amount before making payment.

10.3 Invoice Statuses

- **Awaiting Verification:** The EPV has not been verified by an inspector yet. No invoice can be generated.
- **Ready to Send:** The invoice has been generated but not yet emailed to you.
- **Sent:** The invoice has been emailed to your facility's contact addresses.

11. Change Log — Audit Trail

The Change Log section provides a full audit trail of every change made to your company record.

11.1 Viewing the Log

1. Scroll to the bottom of the Company Overview page.
2. Click "Show Change Log" to expand the section.
3. The log displays in a paginated table (50 entries per page).

11.2 What Is Recorded

Every change is logged with:

- Date/Time — when the change was made.
- Field Changed — which field was modified.
- Old Value — the previous value.
- New Value — the updated value.
- Changed By — who made the change (name).

- Role — the role of the person who made the change.

This includes changes made by you, other company users, and EPVS administrators.

12. Support Ticket System

12.1 Creating a Ticket

A floating "Support" button in the bottom-right corner of every page lets you submit tickets.

1. Click the floating Support button.
2. Select an Issue Type from the grouped dropdown:
 - Account & Access — login issues, permission problems.
 - EPV & Verification — form issues, data corrections, status queries.
 - Payment & Reconciliation — payment status, POP upload issues, levy queries.
 - Dashboard & Reports — data issues.
 - Company & Facility — company info updates, province changes.
 - General — help, feature requests, bugs, other issues.
3. Enter a Subject (brief title).
4. Enter a Description with details (optional but helpful).
5. Select Priority: Low, Medium, High, or Urgent.
6. Click "Submit Ticket".

12.2 When to Submit a Ticket

- You can't log in or have password issues.
- The EPV form link isn't working.
- You need to correct figures on a submitted EPV.
- You uploaded the wrong POP file.
- Your company details need changes you can't make.
- You disagree with an inspector's rejection.
- Invoice amounts seem incorrect.
- System errors or slow performance.
- Any other issue or question.

12.3 Viewing Your Tickets

Navigate to the Support page to see all tickets you've submitted. Click any ticket to view its status, any comments from administrators, and updates.

13. Step-by-Step Workflows

13.1 Monthly EPV Workflow

Each month, you will need to complete an EPV form for your facility:

1. Wait for the EPV form link to arrive via email, or check your Company Overview for a Pending EPV.

2. Click "Complete" on the Pending EPV.
3. Fill in Step 1: Verify your business and contact details.
4. Fill in Step 2: Enter your egg production figures for the month.
5. Fill in Step 3: Enter your pulp production figures.
6. Step 4: Review all figures and click "Submit Verification".
7. Wait for the inspector to approve your EPV.
8. Once an invoice is received, make the levy payment.
9. Upload your Proof of Payment (POP) on the Company Overview.
10. The administrator reconciles your payment — process complete.

Tip: Complete EPV forms promptly when they arrive. Delays affect your facility's compliance record.

13.2 Creating a Manual EPV for a Past Month

If you missed an EPV for a previous month:

1. Go to your Company Overview.
2. Click the "+ Add" button in the EPV section.
3. Select the Month and Year.
4. Click "Create".
5. You are redirected to the EPV form — complete all 4 steps.
6. Submit the form.

Note: You cannot create EPVs for future months or for months that already have an EPV.

13.3 Uploading Proof of Payment

1. Make the levy payment via your preferred banking method.
2. Save the payment confirmation as a PDF, PNG, or JPG.
3. Go to your Company Overview.
4. Find the EPV in the table.
5. Click the upload button in the "Proof of Payment" column.
6. Select your file (max 10MB).
7. Payment Status changes to "Paid" automatically.

13.4 Inviting a Colleague

1. Go to the Users section on your Company Overview.
2. Click "+ Invite User".
3. Enter their email address.
4. Select their role: "Company Admin" or "User".
5. Click "Send Invite".
6. They receive a registration email — once they register, they can access the system.

13.5 Updating Your Company Details

1. Go to the Company Details section on your Company Overview.
2. Click "Edit Details".
3. Update the relevant fields (email, contacts, address, etc.).
4. Click "Save Changes".

Tip: *Keep your contact emails up to date — this is where EPV forms and invoices are sent.*

14. Troubleshooting & FAQ

Q: I didn't receive an EPV email this month.

Check your spam/junk folder. If it's not there, check the Company Overview — if an EPV appears as "Pending", click "Complete" to fill it out. If no EPV is listed, contact the administrator via a support ticket.

Q: The EPV form link in the email doesn't work.

The link may have expired or there could be a browser issue. Log in to the system directly and go to your Company Overview. Find the Pending EPV and click "Complete" — this achieves the same result.

Q: I made a mistake on my submitted EPV.

Once submitted, EPVs cannot be edited directly. Submit a support ticket with the EPV reference number and details of what needs correcting. The administrator or inspector can address the correction.

Q: My opening stock is wrong.

Opening stock is auto-populated from the previous month's closing stock. If the previous month's closing was incorrect, submit a support ticket to have the figures corrected.

Q: What is the levy rate?

The statutory levy rate is 1.8% (0.018). For eggs, it is applied to total sales (dozens). For pulp, it is applied to pulp sold to trade (kg), converted to dozens at a rate of 1.7 dozens per kg, then multiplied by 1.8%.

Q: My EPV was rejected by the inspector. What does this mean?

The inspector believes your production figures are incorrect. The inspector submits their own corrected version. The corrected figures are used for levy calculation. Your original submission remains on file. If you disagree, submit a support ticket.

Q: I uploaded the wrong POP file.

Submit a support ticket asking the administrator to delete the incorrect POP. Once deleted, your Payment Status resets to "Not Paid" and you can upload the correct file.

Q: How do I know how much I owe?

The "Amount Outstanding" column in the EPV table shows the levy amount for each EPV. The total across all EPVs is shown in the header statistics. You can also check your invoice for the exact amount.

Q: I forgot my password.

Contact your Company Admin (if you are a User) or the EPVS administrator. They can reset your password from the User Management page.

Q: Can I create EPVs for future months?

No. You can only create manual EPVs for past months. EPVs for the current and future months are sent by the EPVS administrator.

Q: How do I know if my payment has been received?

Check the EPV table on your Company Overview. The "Reconciled" column shows whether the administrator has confirmed receipt. "Amount Reconciled" shows the confirmed amount. Once fully reconciled, the EPV lifecycle is complete.

Q: I can't access the Dashboard or other admin pages.

This is by design. Company Admin accounts only have access to the Company Overview and Support pages. The Dashboard, Clients, Inspectors, and Administrators pages are for EPVS administrative staff only.

— End of Manual —

Generated: 23 March 2026

Recent Updates - April 2026

This section summarises the changes shipped in April 2026. Earlier sections of this manual remain accurate; the items below override or extend them.

EPV period now reflects the previous month

Whenever an EPV is issued (manually from the Consolidated Master Facility Database or Company Overview, or automatically each month), the verification is created for the previous calendar month. Example: an EPV issued in March 2026 captures February 2026 data.

Automatic monthly EPV sending

Once a facility has been placed on the EPV cycle (status 'On EPV Cycle'), the system now automatically issues that facility a fresh EPV at the start of every month covering the previous month's data. The scheduler runs once a day; if the previous-month EPV is already present, nothing is sent. The email goes to all four facility addresses on file (primary, owner, accounts and manager). To take a facility off the cycle, clear its EPVCycleStatus on the Consolidated Master Facility Database page.

Resend EPV email button

The Company Overview window now shows a 'Resend Email' button alongside every Pending EPV. Use it when a facility reports they never received the original notification - it re-sends the same EPV link to all facility email addresses on file. No new EPV record is created and the resend is logged in EmailSendLog.

Facility verified status now visible

The Consolidated Master Facility Database page shows a 'Verified' badge once the facility's invited Company Admin has accepted their invitation and completed the onboarding wizard. A separate 'On EPV Cycle' tag indicates the facility is on the monthly auto-send schedule. The status cell stays empty until one of those two events applies.

EPV form (Eggs page) - new 'Eggs Exported' deduction

Section C (Deductions) now includes 'Eggs Exported'. Like the other deductions, it reduces the theoretical closing stock and does NOT affect the egg levy (only Section D Sales drives the levy).

EPV form (Eggs page) - purchase source detail and attachments

When Graded Eggs Purchased or Ungraded Eggs Purchased is greater than zero, a 'Source & Supplier Detail' comment box opens under Section B together with a file uploader. Facility users and inspectors can describe where and from whom the purchase was made, and attach supporting documents (PDF, PNG, or JPG, up to 15 MB each). Uploaded files appear with a 'Remove' button while the EPV is still editable, and as inline links in the Review section.

EPV form (Pulp page) - 'Conversion Loss' line

Sales & Deductions on the pulp page now has a 'Conversion Loss' row directly below 'Sold to Other Producers'. Conversion loss does NOT contribute to the pulp levy, but it is subtracted from closing pulp stock so the carry-forward stays balanced.

EPV form (Pulp page) - pulp purchase source detail and attachments

When 'Pulp Purchased from Others' is greater than zero, a comment box and uploader appear (same 15 MB limit and PDF/PNG/JPG rules) so the source of the purchased pulp can be recorded and supporting documents attached.

Verifications can only be captured for completed months

The 'Add Verification' modal in Company Overview now defaults to the previous month, and the month picker hides the current and any future months. The backend rejects current-month submissions with a clear error message: a month must be over before its EPV can be captured.
